Projects

AI Society | BYU-Idaho

April – July 2019

Group Lead

Rexburg, ID

- Collaborated with a diverse team to transform an electronic machine into a mobile vehicle using Electrical and Software Engineering to allow functionality such as movement and object detection using elements of AI and machine learning.
- Lead group discussions in defining team goals, making the team's game plan, and attaining the same vision with engineers of different fields to build a robot.
- Organized and acquired the resources needed in crucial developmental stages of the project with those apart of and outside of the AI Society team.

Church of Jesus Christ of Latter-Day Saints

2018 – 2019

Full-Time Volunteer Representative

Cape Cod, MA

- Pioneered and orchestrated the Portuguese/English Class dedicated to serving and helping non-native speakers learn English or Portuguese as a second language.
- Coordinated and assigned volunteers to teach and manage the Portuguese/English Class as a means for helping and serving the community and individuals interested in the represented organization.
- Partnered with and gave responsibilities to locals of the organization to maintain and continue administering and teaching in the Portuguese/English Class to aid those wanting to learn a second language.

Experience

Jared's Wild Rose Ranch Resort

May 2010 – Present

Office Administrator

Island Park, ID

- Increased small business sales by negotiating hotel prices with customers, keeping them happy during their stay, and giving those individuals satisfactory service to meet their needs.
- Worked in intense and high-paced environments to check customers in, provide service to those in the restaurant, rent boats, and ensure that all resort operations are taken care of.
- Fixed various technological problems dealing with check-in times, computer register issues, and time clock software bugs by using creative thinking and problem solving to correct the errors.

Jared's Wild Rose Ranch Resort

May 2010 – Present

Receptionist

Island Park, ID

- Handled business calls helping respond to issues indirectly and directly for those on the property.
- Successfully dealt with hundreds of customers on the phone and face to face with a variety of issues such as reservation cancelations, room modifications, refunds, and many others.
- Responded to hundreds of customer requests about resort information and accommodations.
